Blake Schwank owns a successful I.T. services business in Colorado. He started [Colorado Computer Support](#) after 11 years of active duty in the U.S. Army (he separated from the Army as a Major).

For several years he owned what most of us would refer to as an "owner reliant" business whose survival rested squarely on Blake's shoulders to be there every day to make sure things happened. He was one of the main "techs" who did the work of the

Scaling Mistake #4:

**Allowing your time
to get swallowed
up by “D”
activities**

A magnifying glass with a gold frame is positioned over a bar chart. A black pen with a gold nib is resting on the chart. The bar chart has several green bars of varying heights, and a red line is drawn across the top of the bars, showing an upward trend. The background of the chart is white with a light blue grid.

**You're already
wasting enough
time in your
business to make
consistent
progress building
it better!**

**It's not about
more...**

**It's about
BETTER!**

The Time Mastery Matrix™

Strategy 1:

**To upgrade your use
of time identify
what you do that
truly creates
value...**

The Time Value Matrix

Category	% of Input	% of Result	Unit of Result
D Time	80%	20%	1x

“D” Activities: The 80% “Mass”

David’s Examples:

- **Sorting mail**
- **Paying and disputing bills**
- **Low level email**
- **Creating presentation books**

**What are 3 of your
“D” activities?**

The Time Value Matrix

Category	% of Input	% of Result	Unit of Result
C Time	20%	80%	16x
D Time	80%	20%	1x

“C” Activities: “Leveraged” 20%

David’s Examples:

- **Delegating to Alli**
- **Dictating a letter**
- **Meeting with multiple people versus 1v1 on mid-level project**

**What are 3 of your
“C” activities?**

The Time Value Matrix

Category	% of Input	% of Result	Unit of Result
B Time	4%	64%	64x
C Time	20%	80%	16x
D Time	80%	20%	1x

“B” Activities: “Sweet Spot 4%”

- **Writing a sales letter that can be used again and again**
- **Evaluating a JV partner**
- **Recording a class that we can offer again and again**
- **Giving a sales presentation to a large group**

What are 3 of your “B” activities?

The Time Value Matrix

Category	% of Input	% of Result	Unit of Result
A Time	1%	50%	200X
B Time	4%	64%	64x
C Time	20%	80%	16x
D Time	80%	20%	1x

“A” Activities: “Magic 1%”

- **Initiating a key JV relationship**
- **Setting our business strategy**
- **Making a management hiring decision**
- **Negotiating a key long term contract**

**What are 3 of your
“A” activities?**

Strategy 2:

**To “find” time
focus first on
your “D”
activities...**

The 4 "D's":

1. Delete

2. Delegate

3. Defer

4. Design out

A magnifying glass with a gold handle is positioned over a document. The document features a bar chart with green bars and a red line graph showing an upward trend. A black pen with a gold nib is resting on the document. The background of the slide is a scenic view of a blue ocean and a tropical coastline with palm trees and buildings under a blue sky with white clouds.

Strategy 3:

**Structure your
week to
re-invest your
“saved” time in A
and B activities...**

Focus Days

vs

Push Days

Strategy 4:

**Work above
the line...**

Working “Above the Line”

1. **Biz** Bottom Line
2. **Biz** Bottom Line
3. **Personal Bottom Line**

The Results Rule™

A magnifying glass with a gold frame is positioned over a document. A black pen is writing on the document. In the background, there is a bar chart with green bars and a red line graph showing an upward trend. The entire scene is set against a light yellow background.

Strategy 5:

**Create a
“Prime Time
Block” each
Push Day...**
